

**FOR IMMEDIATE RELEASE**

**Muji Storage**

**SINGAPORE, 23 July 2013:** Muji storage items introduce storage solutions for your home with its multifunctional and innovative properties. Finding adequate space at home will never be a hassle.

**Grid Oak Shelves** with add-on functions will allow you to build your own storage unit custom to your needs and space. Simply combine the basic and additional units and create a storage unit uniquely for your home. Insert stacking drawers, storage boxes and baskets to store and display items, available in various shapes and sizes!

**Polypropylene (PP) Storage series** will create adequate storage space for your home. The PP Storage Case Series offers multifunctional and innovative solutions for optimizing space and minimizing clutter, mix and match the various storage box shapes and sizes according to your items and space at home. Our storage ranges are stackable, packable and versatile enough to be utilized for practically anything, from clothes or bathroom accessories to even the tiniest trinkets.

 **Polypropylene (PP) Storage series** was awarded Good Design Award.

You can now create a shelf or storage furniture to call your own while you save space and increase your storage capacity.
